Master Numbers

In its own way, each number is a **Master Number**. However 2, 4, 6 and 8 have the potential to work harder and raise to a higher vibration for doing good for the world. They also have the potential to do the opposite.

Somehow it's a matter of choice. Written 11/2, 22/4, 33/6 and 44/8, they are always noted. Even if the master number disappears when added in with other numbers, it's still there exerting its influence.

11/2

Spiritual teachers, courageously demonstrating and teaching Earth students to each stand in their own integrity, while being gentle and sensitive with themselves and each other.

22/4

Master builders, constructing a world that bends and gives, ending separation, and uniting everyone into the common cause of peace.

33/6

Master healers, the grown-up child, playfully inspiring others into greater joy, creativity, and service. Assisting us to be more responsible for our actions - on the personal level as well as the global level - and bringing more light into the world.

44/8

Dedicated workers, healing and establishing a balanced world built on the solid foundation of God's law.
